WELCOME TO BROOME-TIOGA BOCES

Our BOCES mission of ***enriching lives through education*** is further enhanced by our Instructional Programs Mission, Vision & Core Beliefs:

Mission

Educate, empower and inspire individuals to realize their full potential and pursue lifelong success.

Vision

We aspire to be the state's premier BOCES by seizing all opportunities to provide diverse and innovative education.

Core Beliefs about students, learning & our work

- Students are our first priority.
- All students can learn and grow academically, socially, & emotionally.
- We treat everyone with dignity and respect.
- A safe, challenging & nurturing environment supports learning.
- We model professionalism, act with integrity & strive for excellence.
- Students, staff, families & community partners contribute to our success.
- We provide opportunities for new beginnings & support fresh starts.

Guiding Principles

To ensure that every child receives a high-quality education we must promote a climate of learning. Broome-Tioga BOCES strives to promote & maintain a culture of learning in all our schools by becoming: "A School that Matters: Teaching the Mind, Reaching the Heart". 2018, Van Bockern, Steve.

A ***School that Matters*** will strive to meet the fundamental needs of all members of the school community. Described as The BOCES Circle of 6 a ***School that Matters*** prioritizes the biosocial needs of students and stakeholders. The BOCES Circle of 6 is a model of resilience and positive youth development. When the BOCES Circle of 6 needs are met; students, families, staff members & other stakeholders, are free to: ***Realize their full potential & pursue lifelong success.***

Safety - "I feel safe!" "Felt" Safety is in the eye of the beholder. A sense of safety is vital to a student's ability to reach his/her full potential. As long as a human's brain determines they are unsafe, higher levels of functioning, such as logical and rational thinking, are beyond reach.

Additional considerations for safety: Physical, Emotional and Cultural Safety.

- **Physical Safety** refers to the protection of all stakeholders, from various threats or harm, in order to establish a secure learning environment.
- **Emotional Safety** is an experience in which one feels safe to express emotions, security, and confidence to take risks and feel challenged and excited to try something new.
- **Cultural Safety** is an environment that is spiritually, socially, and emotionally safe and physically safe for people; where there is no assault, challenge or denial of their identity, of who they are and what they need. It is about shared respect, shared meaning, shared knowledge, and experience of learning together.

Belonging - "I am accepted!": Belonging is a human emotional need to be an accepted member of a group. It's ***believing***, "Adults like me and care for me." A positive sense of belonging nurtures self-esteem, self-worth and ultimately equips young children, young adults, and adults, with the ability to develop healthy relationships across generations.

Achievement - "I can!": A sense of competency, mastery and control over oneself. Achievement can be gained by learning new skills through daily life and enrichment activities. The environment provides multiple opportunities to tap personal talents and strengths.

Purpose - "I can help!": Feeling important, helpful, useful to others. Purpose is intended to provide young children, young adults, and adults with opportunities to demonstrate altruism, helping behaviors, and to recognize their importance. We all learn to understand the value of giving back to the community and making meaningful connections to someone else.

Responsibility - “I will!”: Sense of autonomy, independence. “I am empowered to make choices and decisions.” Responsibility focuses on providing experiences to develop autonomy and essential life skills. We learn how to accept responsibility and are empowered to understand how our choices and actions affect others and their destiny.

Exploration - “I can take risks!”: By encouraging reasonable risks, innovation and laughter, we learn to identify the balance between work and play and can more deeply experience the excitement of daily life. Exploration can be anything that inspires one's curiosity and results in their engagement.

At Broome-Tioga BOCES we strive to approach student behaviors as teachable moments and opportunities for learning. While it is important that we hold students accountable for their actions, consequences without reteaching and reflection do little to change behavior. To improve outcomes for students, we must provide interventions and behavior supports that are directed at addressing academic gaps and the biosocial needs of the students experiencing behavior challenges. We know that suspensions and other avenues of classroom removal will not improve student outcomes.

Our Code of Conduct emphasizes the importance of implementing strategies, practices, interventions and plans that address students' needs before behavior issues rise to the most serious level. Students are most likely to make positive decisions when they understand expectations, feel they belong within a community and their most basic needs of emotional, cultural and physical safety are intact.

Our top priority is to ensure our schools are safe, that all students have what they need to be academically successful, and that disability, economics, race and ethnicity are never predictors of achievement.

We are partners in the education of our students. Together we can ensure that every student is academically successful on their path *to maximized personal potential.*

To access more information about Broome-Tioga BOCES programs, visit the website at: www.btbooces.org

PARENT PORTAL

Broome-Tioga BOCES is currently using the school**tool** Parent Portal, a web-based student information system to allow parents/guardians to access information about their child.

The system allows anyone with computer access, a login username, and a password to view his/her child's attendance, discipline, five week interim and report card grades, registration information, and assignments based on the modules utilized by the program their student is enrolled in. For instance, a program using progress notes for grade reporting may not use the scheduling & report card modules in school**tool**.

To begin using the system, a parent-signed Parent Portal request form (included in parent packet) must be completed and returned to the BOCES Student Data Center.

SCHOOL BREAKFAST/LUNCH

Students may purchase breakfast/lunch. Milk may be purchased separately. Menus are available on a monthly basis. Free and reduced breakfasts and lunches are available to eligible students. Students will get an application from BOCES or their home school. Applications are returned to the homeroom teacher. All forms are then turned in to the Cafeteria for processing.

Students who are in attendance for the full day may purchase lunch in the cafeteria. Eating in the hallways is prohibited. Students are allowed only in the designated cafeteria area or in a classroom with permission of, and/or under direction supervision, of the teacher.

FIELD TRIPS

Field trips will be a regular component of the learning curriculum. Students need to realize these are a privilege and abuse of this will result in denying this privilege.

Students are expected to act appropriately. The Health Information/Field Trip Permission form must be completed and sent home with each participating student. A signed Health Information/Field Trip Permission slip from the parent/guardian must be received before the student may participate in the trip.

All field trips must follow the regulations and procedures developed by the administration. Any overnight trip requires advance approval of the superintendent or designee.

Students are not allowed to wander the hallways during their designated lunchtime.

POLICY 6240: CODE OF CONDUCT

Introduction

BOCES strives to support and enhance the capacity of component school districts to carry out their roles as the chief instrument in the education of the children, youth, and adults in their communities.

BOCES is committed to providing a safe and orderly educational environment where students receive quality educational services without disruption or interference. Responsible behavior by students, teachers, other BOCES personnel, parents, volunteers, vendors, contractors, and other visitors is essential to achieving this goal.

The BOCES Board has a long-standing set of expectations for conduct on BOCES property and at BOCES functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty, and integrity. BOCES aspires to:

- 1) Foster an environment of mutual trust and respect;
- 2) Raise students' knowledge, skill, and opportunity;
- 3) Inspire students, staff, and communities to pursue equity and excellence and to lead by example.

The Board recognizes the need to clearly define these expectations for acceptable conduct on BOCES property, to identify the possible consequences of unacceptable conduct, and to ensure that discipline, when necessary, is administered promptly and fairly. This Code of Conduct has been developed and will be maintained in collaboration with student, teacher, administrator, parent, BOCES safety personnel, and other representation.

Further, the Code of Conduct has been written to comply with the Safe Schools Against Violence in Education Act, the Dignity for All Students Act, and various provisions of the Education Law and Commissioner of Education regulations, all of which seek to improve school safety and ensure a safe and effective learning environment.

The Code of Conduct includes provisions which will govern the conduct of all students, teachers and other BOCES personnel, as well as visitors. Portions of this Code will also be applicable to the conduct of parents, volunteers, vendors, and contractors, where indicated.

Students who attend any BOCES program, regardless of that program's location, should be aware that their conduct will be subject to BOCES' Code of Conduct, the component district's/host building's Code of Conduct, and the provisions of the Code of Conduct in place in the students' home district of residence, as applicable.

Unless otherwise indicated in this Code, students may be subject to discipline for engaging in acts of misconduct that take place off BOCES/school property where the conduct endangers the health or safety of students, substantially disrupts school operations or otherwise adversely affects the educational process.

For purposes of this Code of Conduct, it will also refer to subsequent amendments to those statutes, and to any and all regulations promulgated by the Commissioner of Education to achieve the aims set forth in Chapter 482 of the Laws of 2010. "Disciplinary Change in Placement" means a suspension or removal by the home school district of a student with a disability from their current educational placement that is either for more than ten consecutive school days, or for a period of ten consecutive school days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than ten school days in a school year, because the student's behavior is substantially similar to the student's behavior in previous incidents that resulted in the series of removals, and because of such additional factors as the length of each suspension or removal, the total amount of time the student has been removed and the proximity of the suspensions or removals to one another.

"Discrimination" for purposes of prohibited conduct under the Dignity for All Students Act (DASA) means discrimination against any student by a student or students and/or an employee or employees on school property or at a school function including, but not limited to, discrimination based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex.

- 1) Has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional, or physical well-being; or
- 2) Reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety; or

- 4) Occurs off BOCES/school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation, or abuse might reach BOCES/school property.

Acts of harassment and bullying that are prohibited include, but are not limited to, those acts based on a person's actual or perceived:

However, it is illegal for anyone under the age of 21 to purchase, possess, or use adult-use cannabis. "Long-Term Suspension" means a suspension of more than five consecutive school days.

"Manifestation Determination" means a review of the relationship between the student's disability and the behavior subject to disciplinary action that is conducted by the Manifestation Team or the Committee on Special Education (CSE) of the student's home school district.

"Non-violent Crisis Intervention" means those techniques that enable staff to maintain control in an unlimited number of crisis situations through calm, confident actions that help staff defuse the disruptive student and reduce the chance for physical injury to all who are present. In non-violent crisis intervention, the emphasis is always on the staff's primary responsibility--the care, welfare, safety and security of students and staff. Physical restraint is only used when all verbal techniques have been exhausted and the individual's actions are escalating toward physical aggression. Any physical control that is used will be used in a way to control and protect students.

"Sexual Harassment" of students is a form of sex discrimination and is unlawful and prohibited by BOCES. Generally, it can include harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender. Sexual harassment can also consist of subjecting an individual to unwelcome conduct which is either of a sexual nature or which is directed at an individual because of that individual's sex. Sexual harassment can occur between any individuals, regardless of their sex or gender. In addition, under Title IX, sexual harassment includes conduct on the basis of sex that satisfies one or more of the following:

Student Civility and Dress Code

All student interaction and communication with other students, teachers, BOCES administrators, other BOCES personnel, volunteers, vendors, contractors, and visitors on BOCES property will be appropriate, civil, and respectful. Students are expected to behave with dignity and treat others with respect and courtesy. Students should respect their peers, teachers, and BOCES and school staff. Individual behavior should not interfere with the rights of others. Students are expected to use language that is appropriate and that demonstrates respect for themselves and others. Language and gestures that are profane, vulgar, obscene, or that constitute harassment, bullying, or discrimination are prohibited. Students who engage in this speech are subject to corrective action or discipline.

Students and Parents are responsible for student dress and appearance; they have the right to determine how the student dresses, provided that attire is not destructive to BOCES property, complies with requirements for health and safety, does not interfere with or distract from the educational process, or infringe upon the rights of others. The administration may take action in instances where individual dress does not meet these stated requirements.

While BOCES administration may require students participating in physical education classes to wear certain types of clothing such as sneakers, socks, shorts, and t-shirts, they may not prescribe a specific brand which students must buy. Uniforms or other safety equipment/attire may be required for specific programs.

A student's dress, grooming, and appearance, including hair style/color, jewelry, make-up, and nails will:

- 1) Be safe, appropriate, and not disrupt or interfere with the educational program.
- 2) Not be revealing or see-through; undergarments must be completely covered with outer clothing.
- 3) Not be vulgar, obscene, or libelous, or denigrating to others on the basis of actual or perceived race, color, weight, national origin, ethnic group, religion, creed, religious practice, disability, sexual orientation, gender, gender identity or expression, sex, or any other legally protected category.
- 4) Not promote or endorse the use of alcohol, tobacco, or illegal drugs, or encourage other illegal or violent activities.
- 5) Not display any signs of gang affiliation that have been observed to increase the level of conflict or violent behavior in schools or under circumstances in which school or BOCES authorities may reasonably forecast that violence or substantial disruption of their activities will occur.

Students must wear appropriate footwear at all times. Footwear that is a safety hazard is prohibited. Student, faculty, or parent groups may recommend appropriate dress for school/BOCES or special occasions. A student will not be prevented from attending BOCES or a BOCES function so long as his or her dress and appearance meet the Code's requirements.

Each building principal or designee is responsible for informing all students and their Parents of the student dress code at the beginning of the school year and any revisions to the dress code made during the school year. Additional details about the dress code may be addressed in building-specific student handbooks.

Students who violate the student dress code will be required to modify their appearance by covering or removing the offending item and, if necessary or practical, replacing it with an acceptable item. Any student who refuses may be subject to further discipline, up to and including in-school suspension. If a student repeatedly fails to comply with the dress code, he or she may be subject to further discipline, up to and including out-of-school suspension.

Teachers and all other BOCES personnel serve as role models to the students they work with; they should exemplify and reinforce acceptable student dress and behavior, and help students develop an understanding of appropriate appearance and conduct in a school setting by attending to their own appearance through these guidelines. Staff are expected to wear clothing that is modest, safe, clean, in good repair, appropriate to their program, and not disruptive to the educational process.

Use of Personal Technology and Electronic Devices

Personal technology and electronic devices include all existing and emerging technology devices that can take photographs; record or play audio or video; input text; upload and download media; connect to or receive information from the internet; and transmit or receive messages, telephone calls, or images, that belong to the student or the student's family, and that have not been provided by BOCES. Examples of personal technology include, but are not limited to, tablets; laptop and netbook computers; personal digital assistants (PDAs); cell phones and smart phones; and any device with similar capabilities.

BOCES may authorize personal technology and electronic devices for instructional and non-instructional uses as set forth below. However, BOCES does not authorize unacceptable devices including, but not limited to, gaming devices or consoles, laser pointers, and personal modems or routers.

Instructional Uses

Instructional uses include, but are not limited to, approved classroom activities, research, college admissions activities, career development, communication with experts, homework, and other activities considered appropriate by the building principal or their designee.

Students may be permitted to have and use any personal technology device as authorized by their teachers and administration for use in classrooms. Students are expected to act responsibly and thoughtfully when using technology resources. While students are permitted to possess and use these devices during the school day, they are prohibited from using them in any manner which invades the privacy of students, employees, volunteers, or visitors, or that otherwise violates law or any provision of this Code of Conduct. If a student violates this prohibition, then he or she may be disciplined under this Code of Conduct. Students should keep any permitted electronic device on BOCES property in a safe and responsible manner as instructed by the building principal or their designee. Passwords and personal technology devices should not be shared with others. A student's electronic device may be confiscated and subject to a search in accordance with this Code, if BOCES officials have reasonable suspicion to believe that the search will reveal evidence of a violation of law, the Code of Conduct, or other BOCES rules or policies.

Non-Instructional Uses

Appropriate use of personal technology during non-instructional time may be permitted if allowed by the building principal or their designee and if students follow the guidelines in the Handbook Internet Protection Policy/Social Media Sign Off Form and Code of Conduct. Non-instructional use includes texting, calling, or otherwise communicating with others during free periods and within common areas of the school building such as the hallways, cafeteria, study halls, buses, and student lounges. Other non-instructional uses may include internet searches, reading, listening to music, and watching videos. Use during non-instructional time must be conducted in a safe and unobtrusive manner. Devices must be in silent mode to avoid disrupting others.

Teachers and all other BOCES personnel should exemplify and reinforce acceptable student behavior, including possession and use of electronic devices.

Prohibition During State Assessments

Unless authorized by law, regulation, or government rule, all students are prohibited from bringing electronic devices into a classroom or other location where a New York State assessment is being administered. Test proctors, monitors, and school officials have the right to collect prohibited electronic devices prior to the start of the test and hold them while the test is being administered, including break periods. Admission to any assessment will be denied to any student who refuses to relinquish a prohibited device.

Prohibited Student Conduct

BOCES expects all students to conduct themselves in an appropriate and civil manner per the BOCES Code of Conduct, with proper regard for the rights and welfare of other students, personnel, and other members of the school community, and with respect to facilities and equipment. These expectations apply to internships and student work experiences.

Discipline should be self-imposed; students must learn to assume and accept responsibility for their own behavior as well as the consequences of their misbehavior. BOCES personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to develop self-discipline.

Students who do not accept responsibility for their own behavior or who violate these school rules may be disciplined up to and including suspension from school or removal from a program, when they engage in conduct that is disorderly; insubordinate; disruptive; violent; endangers the safety, morals, health, or welfare of others; engage in misconduct on a school bus; or engage in academic misconduct including at work/internship sites.

Students are expected to promptly report any violations to a teacher or administrator. Anyone who, in good faith, reports a violation of the law, school rule, or Code of Conduct, may not be retaliated against. Students who knowingly make false accusations against another individual may face disciplinary action. This can include, but is not limited to, knowingly making false statements or knowingly submitting false information during the grievance process under Title IX, which is prohibited by this Code.

BOCES will take disciplinary measures for incidents involving harassment, bullying, or discrimination consistent with this Code of Conduct. Responses will be reasonably calculated to end the harassment, bullying, or discrimination, prevent recurrence, and eliminate any hostile environment.

All BOCES staff who are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair, and lawful manner. BOCES staff who are not authorized to impose disciplinary sanctions are expected to promptly report Code of Conduct violations to their supervisor, who will in turn impose an appropriate disciplinary sanction, if so authorized, or refer the matter to a staff member who is authorized to impose an appropriate sanction.

The building principal or designee may be directed to notify the appropriate local law enforcement agency of Code violations that constitute a crime and substantially affect the order or security of BOCES property as soon as practicable, but in no event later than the close of business the day the principal or designee learns of the violation. The notification may be made by telephone, followed by a letter mailed on the same day the telephone call is made. The notification must identify the student and explain the conduct that violated the Code of Conduct and constituted a crime.

Reporting Weapons or Substance Abuse Violations

Any student observing a student possessing a weapon, alcohol, or illegal drugs/substances on BOCES property or at a BOCES function must report this information immediately to a teacher or the building principal or designee. Staff who observe such misconduct will report this information immediately to the building principal or designee. Any weapons, alcohol, or illegal drugs/substances found will be confiscated immediately, followed by notification of the involved student's Parent, and the appropriate disciplinary action, up to and including permanent suspension and referral for prosecution.

*The definition of illegal drugs includes controlled substances. While cannabis (marijuana) is a controlled substance under federal law, it has been legalized by New York State for adult use under certain circumstances. However, it is illegal for anyone under the age of 21 to purchase, possess, or use adult-use cannabis. Regardless of age, the sale, purchase, possession, and/or use of cannabis is prohibited on BOCES or host school grounds under state and federal laws and/or BOCES policy.

Disciplinary Consequences and Procedures

Discipline is most effective when it is timely, and directly addresses the issue in a way that students consider fair and impartial. All discipline is to be appropriate to the situation and in accordance with law, regulations, and BOCES policies. BOCES personnel who interact with students will use disciplinary action only when necessary and to place emphasis on the student's ability to develop self-discipline.

Disciplinary action will be firm, fair, and consistent. To be the most effective in changing student behavior, there must be a rational relationship between the student's behavior and the consequences. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary consequences will consider the following:

- 1) The student's age.
- 2) The nature of the offense and the circumstances which led to the offense.
- 3) The student's prior disciplinary record.
- 4) The effectiveness of other forms of discipline.
- 5) Information from Parents, teachers, and others, as appropriate.
- 6) Other extenuating circumstances.

Generally, discipline will be progressive and will include measured, balanced, and age-appropriate remedies and procedures that make appropriate use of prevention, education, intervention, and discipline. This means that a student's first violation will usually lead to a less serious consequence than subsequent violations. Under some circumstances, however, a serious first violation may lead to disciplinary action, including, but not limited to, suspension or removal from BOCES programs. Each student will be disciplined individually, taking into account appropriate factors.

Special education students in a BOCES special education program may display a range of behaviors which may be considered disruptive within a regular education setting. These behaviors may include conduct that is disorderly, insubordinate, disruptive, or violent. BOCES special education programs incorporate behavior management systems as part of the overall instructional program that are designed to address this range of student behaviors. Students with disabilities may be disciplined in accordance with this Code of Conduct and applicable provisions of law. If a student's conduct is related to a disability or suspected disability, specific procedures outlined within this Code will be followed.

Disciplinary Consequences

Students learn socially appropriate behavior by being allowed to experience both positive and negative consequences for their actions. In addressing student behaviors that may impede learning, BOCES uses a variety of appropriate classroom management techniques including:

- 1) Positive supports, strategies, and interventions to improve students' motivation, social skills, problem solving abilities, anger management, and conflict resolution abilities;
- 2) Environmental modifications to support students' abilities to maintain attention, stay on task, and control their behavior;
- 3) Building-wide behavior management systems to improve students' abilities to understand the connections between their behavior and more or less desired outcomes.

As a general practice and whenever possible, these interventions are used in combination before imposing more severe disciplinary consequences.

Students who violate the BOCES Code of Conduct may be disciplined as follows:

DISCIPLINARY CONSEQUENCE	PERSONNEL IMPOSING THE CONSEQUENCE
• Oral Warning	• Any member of BOCES staff
• Written Warning/Referral	• Educational program staff and bus drivers
• Written notification to Parent	• Teachers, student support services personnel, Principal, Supervisor, or designee
• Suspension of other privileges	• Principal, Supervisor, or designee
• Detention	• Principal, Supervisor, or designee
• In-School Suspension	• Building Principal/District Superintendent
• Formal removal from classroom	• Teachers, Principal or designee
• Short-term (five days or less) suspension	• Building Principal/District Superintendent
• Long-term (more than five days) suspension from school	• Officials of the student's home district
• BOCES Program exclusion	• Officials of the BOCES and the student's home district
• Permanent suspension from school	• Officials of the student's home district

Students may be required to reimburse BOCES as restitution for costs or damages incurred by BOCES resulting from any misconduct.

Parents are powerful partners in a student's behavioral growth and in their child's development of acceptable social skills. BOCES realizes that good communication and informal relations between Parents and educators are critical to resolving discipline issues. The use of sustained, multiple, coordinated interventions at home and in school provide students with the consistency they need to develop appropriate behaviors. Parents must help the staff by reinforcing positive school behavior and disciplinary consequences. BOCES

recognizes that parental involvement in the behavioral process is required for the student to develop the behaviors that will ensure success in the school setting and life.

Procedures

The amount of due process a student is entitled to receive before a consequence is imposed depends on the circumstances. In all cases, regardless of the consequence imposed, the authorized BOCES personnel must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts before the consequence is imposed.

Students who receive consequences other than an oral warning, written warning, or written notification to their Parents are entitled to additional rights before imposition of the consequence, that are explained below.

Suspension from Extracurricular Activities and Bus Transportation

A student suspended from privileges such as extracurricular activities or transportation is not entitled to a full hearing under Education Law § 3214. The student and the student's Parent will be provided with a reasonable opportunity to discuss the alleged misconduct with the BOCES official imposing the suspension and the consequences arising from that conduct.

In-School Suspension

BOCES must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. Therefore, building principals or the District Superintendent may place students who would otherwise be suspended from BOCES as the result of a Code of Conduct violation into in-school suspension. Students will be provided alternative instruction by appropriately certified individuals in accordance with applicable law.

A student subject to an in-school suspension is not entitled to a full hearing under Education Law § 3214. The student and the student's Parent will be provided with a reasonable opportunity to discuss the conduct and the penalty involved with the BOCES official imposing the in-school suspension. BOCES will notify Parent(s) of their child's placement in in-school suspension in accordance with applicable law.

Detention

Detention may be used as a penalty for student misconduct in situations where removal from the classroom or suspension is inappropriate.

Removal of Disruptive Students by a Teacher

A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances, the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using appropriate classroom management techniques as listed in this Code.

On occasion, a student's behavior may become substantially disruptive. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent unwillingness to comply with the teacher's instructions or repeatedly violates the teacher's classroom rules. A classroom teacher may remove a disruptive student from class for up to two days. The removal from class applies to the class of the removing teacher only. A classroom teacher may complete the **Teacher Removal of a Disruptive Student** form and submit it to the building principal or designee.

Suspension from School

Suspension from school is a more severe consequence, which may be imposed only upon students who are insubordinate, disorderly, violent, or disruptive, or whose conduct otherwise endangers the safety, morals, health, or welfare of self or others.

The Board may suspend students, but places primary responsibility for the short-term suspension of students with the building principal or District Superintendent, and, for long-term suspensions, with the home school district. The home school district is also responsible for ensuring the provision of alternative instruction for students who are suspended from a BOCES program. All Career and Technical Education students who are under suspension in their home school will be automatically suspended by BOCES during the time of their home school suspension. Administrators of the home districts shall inform BOCES of student suspensions.

Any staff member may recommend to the principal that a student be suspended. All staff members must immediately report and refer a violent student to the principal for violating the Code of Conduct. All recommendations and referrals will be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention. In these cases, a report will be prepared as soon as possible by the staff member recommending the suspension.

The building principal/District Superintendent, upon receiving a recommendation or referral for suspension, or when processing a case for suspension, will gather the relevant facts and record them for subsequent presentation, if necessary.

1) Short-term (5 days or less) Suspension from School

BOCES will initiate the suspension of students from one of its programs when other forms of behavior intervention and disciplinary action have failed, unless circumstances otherwise warrant.

- a. Suspension may only be imposed by a building principal/District Superintendent, for a period of time not to exceed five school days. Suspensions may not be imposed by any other staff member.
- b. The student being suspended must be told of the proposed suspension and the reason for the proposed suspension by the building principal/District Superintendent.
- c. The Parents of the student are to be notified in writing of the proposed suspension by personal delivery, express mail delivery, or equivalent means within 24 hours, with notification by telephone, where possible.
- d. The student and Parent will, on request, be given an opportunity for an informal conference with the building principal/District Superintendent and complaining witnesses. This notice and opportunity for an informal conference will take place before the suspension unless the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, in which case the notice and opportunity for an informal conference will take place as soon after the suspension as is reasonably practicable.
- e. A copy of the suspension letter will be placed in the student's file.
- f. The home school district will be notified immediately of the suspension.

2) Long-term (more than 5 days) Suspension from School

Principals/designee will refer students to their home districts for disciplinary proceedings where the alleged offense(s) may warrant a suspension of more than five days.

To facilitate review and action according to the disciplinary procedures established within the home district's Code of Conduct, the BOCES principal will provide appropriate documentation to the appropriate school official of the student's home school district.

For suspensions in excess of five school days, where the basis for the suspension is, in whole or in part, the possession on BOCES/school grounds or BOCES/school property by the student of any firearm, rifle, shotgun, dagger, dangerous knife, dirk, razor, stiletto or any of the weapons, instruments or appliances specified in Penal Law 265.01(1), the hearing officer or superintendent of the student's home school district shall not be barred from considering the admissibility of such weapon, instrument or appliance as evidence, notwithstanding a determination by a court in a criminal or juvenile delinquency proceeding that the recovery of such weapon, instrument or appliance was the result of an unlawful search or seizure. For purposes of this paragraph, items specified in Penal Law 265.01(1) include any firearm, electronic dart gun, electronic stun gun, gravity knife, switchblade knife, pilum ballistic knife, metal knuckle knife, cane sword, billy, blackjack, bludgeon, plastic knuckles, metal knuckles, chuka stick, sandbag, sandclub, wrist-brace type slingshot or slungshot, shiriken or "Kung Fu star."

Minimum Periods of Suspension

As prescribed by law, the following behaviors are serious enough to justify suspension by BOCES of at least five days or referral of students to the home school district for long-term (more than 5 days) suspension from school or permanent suspension:

1) Bringing or possessing a firearm as defined by the Gun Free Schools Act to BOCES

Any student found guilty of bringing or possessing a firearm, as defined by 18 USC Section 921 and in Section II of this Code of Conduct for purposes of the Gun-Free Schools Act and its implementing provisions in the New York State Education Law, onto BOCES property or to a BOCES function will be subject to suspension from BOCES by their home school district for at least one calendar year. The student will have an opportunity for a hearing in the home school district in accordance with Education Law § 3214. The Superintendent of the home school district has the authority to modify the one-year suspension on a case-by-case basis, considering appropriate factors.

2) Committing violent acts

Any student who is found to have committed a violent act, other than bringing a firearm onto BOCES property as defined by the Gun Free Schools Act, shall be subject to suspension from school for at least five days. A "violent act" is any act that would qualify the student to be defined as a "violent pupil" in accordance with Education Law Section 3214(2) (2-a) and Section II of this Code of Conduct. If a minimum five-day suspension is proposed, the student and the student's Parents will be given the same notice and opportunity for an informal conference given to all students' subject to a short-term suspension.

If the proposed suspension exceeds the minimum five-day suspension, the student and the student's Parents will be given the same notice and opportunity for a hearing given to all students' subject to a long-term suspension as per the Code of Conduct of the student's home school district. The District Superintendent of BOCES has the authority to modify the minimum five-day suspension on a case-by-case basis using appropriate factors.

3) Repeatedly and substantially disrupting the educational process or repeatedly and substantially interfering with the teacher's authority over the classroom.

Any disruptive student may be suspended for at least five days. BOCES will consider whether the student is "repeatedly and substantially disruptive" on four or more occasions during a semester or three or more occasions during a trimester. If a minimum five-day suspension is proposed, the student and the student's Parents will be given the same notice and opportunity for an informal conference given to all students' subject to a short-term suspension. If the proposed suspension exceeds the minimum five-day suspension, the student and the student's Parents will be given the same notice and opportunity for a hearing given to all students' subject to a long-term suspension as per the Code of Conduct of the student's home school district. The District Superintendent of BOCES has the authority to modify the minimum five-day suspension on a case-by-case basis using appropriate factors.

Referrals

1) Counseling

BOCES staff may make recommendations for counseling evaluations to appropriate programs.

2) PINS Petitions

A PINS (person in need of supervision) petition may be filed in Family Court on any student under the age of 18 who demonstrates that they require supervision and treatment by:

- a. Being habitually truant.
- b. Behaving in a way that is ungovernable or habitually disobedient and beyond the lawful control of their Parents, guardian, or lawful custodian.
- c. Violating the provisions of Penal Law Section 230.00.
- d. Having been the victim of sexual exploitation, provided they consent to the filing.

3) Juvenile Delinquents and Juvenile Offenders

With the exception of a student 14 or 15 years of age who qualifies for juvenile offender status under Criminal Procedure Law § 1.20(42), the District Superintendent will refer a student under the age of 16 who has been determined to have brought a weapon or firearm to school in violation of Education Law § 3214 to a presentment agency for a juvenile delinquency proceeding. The District Superintendent will refer a student 16 years of age and older or students 14 or 15 years of age who qualifies for juvenile offender status, and who has been determined to have brought a weapon or firearm to school, to the appropriate law enforcement officials. For purposes of this Section of the Code of Conduct, "weapon" means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2-1/2 inches in length. For purposes of this Section of the Code of Conduct, the term "firearm" shall be as defined in Section II of this Code.

4) Law Enforcement

BOCES principals, supervisors, administrators, or the District Superintendent or designee may notify local law enforcement in the event a violation of this Code constitutes a crime. This notification will be made not later than the close of business the day the principal/supervisor/administrator/District Superintendent or designee learns of the violation, or as soon as practicable. The notification will identify the student and explain the conduct at issue. As appropriate, BOCES will pursue the filing of criminal charges against the student involved in the misconduct.

Disciplining Students with Disabilities

It may be necessary to suspend, remove, or otherwise discipline students with disabilities to address disruptive or problem behavior. Students with disabilities have certain procedural protections whenever school authorities intend to impose discipline upon them. The Board is committed to ensuring that the procedures followed for suspending, removing, or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

This Code of Conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law and regulations.

Authorized Suspensions or Removals of Students with Disabilities

1) For purposes of this section of the Code of Conduct, the following definitions apply:

- a. A "suspension" means a suspension in accordance with Education Law § 3214(3)(a) through (d).
- b. A "removal" means a removal for disciplinary reasons from the student's current educational placement, other than a suspension, and the change in placement to an interim alternative educational setting (IAES) ordered by an impartial hearing officer because the student poses a risk of harm to himself or herself or others or by the home school district for behavior involving weapons, illegal drugs or controlled substances, or serious bodily injury.
- c. An "IAES" means a temporary educational placement, other than the student's current placement, at the time the behavior precipitating the IAES placement occurred. A student placed in an IAES will continue to receive educational services to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in their Individualized Education Program (IEP). A student who is placed in an IAES will also receive, as appropriate, a functional behavior assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.
- d. "Weapon" means any weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2-1/2 inches in length.
- e. "Controlled substance" means a drug or other substance identified in certain provisions of the federal Controlled Substances Act.
- f. "Illegal drugs" means a controlled substance, except for those legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or any other federal law.
- g. "Serious bodily injury" means bodily injury which involves (i) a substantial risk of death, (ii) extreme physical pain, (iii) protracted and obvious disfigurement, or (iv) protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

2) BOCES personnel may order the suspension or removal of a student with a disability from the student's current educational placement as follows:

- a. The Board, the District Superintendent or building principal may order the placement of a student with a disability into an IAES, another setting, or suspension for a period not to exceed five consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior.
- b. For violations of this Code of Conduct that warrant a suspension of more than five days, or for suspensions that may constitute a change of placement, the building principal/District Superintendent will refer such student to their home school district.
- c. For suspensions in excess of ten days, or suspensions that constitute a disciplinary change in placement, a referral to the student's home school district's CSE/Manifestation Team will be made. Even where a manifestation is found, the superintendent of the home school district may order the placement of a student with a disability in an IAES to be determined by the CSE, for the same amount of time that a student without a disability would be subject to discipline, but not more than 45 days, if the student carries or possesses a weapon to or at BOCES or school, on BOCES property or to or at a BOCES function, or the student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at BOCES or school or at BOCES function, or has inflicted serious bodily injury upon another person while at BOCES, on BOCES property or at a BOCES function.

Change of Placement Rule

BOCES personnel may not suspend or remove a student with disabilities if imposition of the suspension or removal would result in a disciplinary change in placement based on a pattern of suspension or removal, except where the relevant CSE has determined that the behavior was not a manifestation of the student's disability, or the student is placed in an IAES for behavior involving weapons, illegal drugs or controlled substances, or serious bodily injury.

Referral to Law Enforcement and Judicial Authorities

In accordance with the provisions of Individuals with Disabilities Education Act (IDEA) and its implementing regulations:

1) BOCES may report a crime committed by a child with a disability to appropriate authorities, and this action will not constitute a change of the student's placement.

2) The District Superintendent will ensure that copies of the special education and disciplinary records of a student with disabilities are transmitted for consideration to the appropriate authorities to whom a crime is reported, to the extent permitted by the Family Educational Rights and Privacy Act.

Corporal Punishment/Emergency Interventions

Corporal punishment as a means of discipline will not be used against a student by any teacher, administrator, officer, employee, or agent of BOCES.

Whenever a BOCES employee uses physical force against a student, the BOCES employee will make an immediate verbal report of the situation to the principal or supervisor/designee with the written report to follow within 48 hours. The principal or supervisor/designee will, within the same school day, make an immediate verbal report to the District Superintendent/designee describing in detail the circumstances and the nature of the action taken with the written report to follow within 48 hours.

The District Superintendent will submit a written semi-annual report to the Commissioner of Education, with copies to the Board, by January 15 and July 15 of each year, setting forth the substance of each written complaint about the use of corporal punishment received by BOCES authorities during the reporting period, the results of each investigation, and the action, if any, taken by the BOCES authorities in each case.

Emergency Interventions

BOCES believes that the classroom teacher is the key person responsible for the maintenance of acceptable discipline among students. A well-planned program that keeps students occupied with activities that are meaningful, interesting, and challenging is the best means of preventing disruptive behavior by students. The Board recognizes, however, that under certain circumstances, a classroom teacher, teacher aide, student support service personnel, supervisor, or administrator may find it necessary to resort to reasonable and prudent physical restraint in maintaining order in or on BOCES property or at a BOCES function.

If alternative procedures and methods which would not involve physical force do not work, however, then the use of reasonable physical force is allowed for the following reasons:

- 1) To protect oneself from physical injury;
- 2) To protect another student or teacher or any other person from physical injury;
- 3) To protect the property of BOCES or of others; or
- 4) To restrain or remove a student whose behavior is interfering with the orderly exercise and performance of BOCES functions, powers, or duties, if that student has refused to comply with a request to refrain from further disruptive acts, provided that alternative procedures and methods not involving the use of physical force cannot reasonably be employed to achieve the purposes set forth above.

These emergency interventions will only be used in situations where alternative procedures and methods not involving the use of reasonable physical force cannot reasonably be employed. Emergency interventions will not be used as a punishment or as a substitute for systematic behavioral interventions that are designed to change, replace, modify, or eliminate a targeted behavior.

Parent(s) of the student(s) involved will be notified on the same day whenever an emergency intervention is utilized. When the Parent(s) cannot be contacted on the same day, after reasonable attempts are made, the principal or designee will record the attempts and when applicable, report those attempts to the committee on special education.

BOCES will maintain documentation on the use of emergency interventions for each student including:

- 1) Name and date of birth of student;
- 2) Setting, location, date, and time of the incident;
- 3) Name of staff or other persons involved;
- 4) Description of the incident and emergency intervention used, including duration;
- 5) A statement as to whether the student has a current behavioral intervention plan; and
- 6) Details of any injuries sustained by the student or others, including staff, as a result of the incident.

This documentation will be reviewed by BOCES supervisory personnel and, if necessary, by the school nurse or other medical personnel.

Student Searches and Interrogations

The Board is committed to providing an atmosphere for a positive, safe, and orderly school environment. BOCES may conduct routine patrols of parking lots and plain-view inspections of student automobiles while on BOCES property.

In all instances, any search of students or their property must be justified at its inception; there must be reasonable grounds for suspecting the search will turn up evidence that the student has violated or is violating the law or BOCES rules. The search must also be reasonably related in scope to the circumstances that justified the interference in the first place.

Factors to be considered in determining whether a search is reasonable at its inception include, but are not necessarily limited to:

- 1) Nature and reliability of the information received regarding the proscribed activity. An authorized BOCES official may search a student or the student's belongings based upon information received from a reliable informant. BOCES employees will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate. Other individuals, other than the BOCES employees, will be considered reliable informants if they have previously supplied information that was accurate and verified, make an admission against their own interest, provide the same information that is received independently from other sources, or appear to be credible and the information they are communicating relates to an immediate threat to safety.
- 2) The existence of observable phenomena, such as direct observation of use or the physical symptoms of using or being under the influence of illegal controlled substances or alcohol such as slurred speech, disorientation, a pattern of abnormal conduct, or erratic behavior.

The measures adopted in searching a student will be considered reasonable in scope when they are reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

Lockers and Desks

Lockers and desks are the property of BOCES and are provided for use by students; BOCES administration has the right to search them. A student may have exclusive use of these storage places as far as other students are concerned, but they do not have exclusivity over the locker as against the BOCES authorities. Officials who wish to search a closed item (e.g., backpack, purse, etc.) within a locker or desk must have reasonable suspicion to search that item.

Periodic Searches/Screenings

The possession or use of any weapon or dangerous item in schools creates a significant threat to safety as well as an impediment to teaching and learning. BOCES administrative staff (or designee, under the direction of a BOCES administrator), are authorized to use metal detectors and/or metal scanners to the extent determined necessary to protect and promote the safety, health and welfare of students, faculty, staff, employees, and other persons within BOCES schools and programs.

Questioning of Students by School Officials

School officials or designees have the right to question students regarding any violations of school rules or illegal activity. In general, administration may conduct investigations concerning reports of misconduct which may include, but are not limited to, questioning students, staff, Parents, or other individuals and, when necessary, determining disciplinary action in accordance with applicable due process rights.

Should the questioning of students by BOCES officials focus on the actions of one particular student, the student will be questioned, if possible, in private by the appropriate BOCES administrator. The student's Parent may be contacted; the degree, if any, of parental involvement will vary depending upon the nature and the reason for questioning, and the necessity for further action which may occur as a result.

The questioning of students by BOCES officials does not preclude subsequent questioning/interrogations by police authorities as otherwise permitted by law. Similarly, the questioning of students by BOCES officials does not negate the right/responsibility of BOCES officials to contact appropriate law enforcement agencies, as may be necessary, with regard to statements given by students to school officials.

BOCES officials acting alone and on their own authority, without the involvement of or on behalf of law enforcement officials are not required to give Miranda warnings (i.e., advising a person, prior to any custodial interrogations as defined in law, of the right to remain silent; that any statement made by the individual may be used as evidence against him/her; and that the individual has the right to the presence of an attorney, either retained or appointed) prior to questioning students.

Questioning of Students by Law Enforcement Officials and Child Protective Services

BOCES will maintain a cooperative effort with law enforcement agencies and Child Protective Services.

Law enforcement officials may be summoned to conduct an investigation of alleged criminal conduct on BOCES property or during a BOCES function, or to maintain the educational environment. They may also be summoned to maintain or restore order when their presence is necessary to prevent injury to persons or property. Administrators have the responsibility and the authority to determine when the assistance of law enforcement officers is necessary.

Law enforcement may not interview students in the school buildings or use BOCES facilities in connection with law enforcement department work. Students will not be made available for law enforcement interviews during instructional time. Law enforcement authorities must take any matter up directly with the Parents of minor students off BOCES premises. A warrant should be reviewed by BOCE legal counsel before release of a student or interview of a student.

If a crime is committed on BOCES property, it is expected that school officials will notify the appropriate law enforcement authorities regarding the event and give full cooperation to an investigation. In such a case, interviews of students and school personnel may be conducted on BOCES property regarding the incident.

When a request is made by law enforcement agencies to detain someone who is on BOCES property, the request must be referred to the person in charge of the building or program. That person will handle the request in accordance with administrative guidelines established by the District Superintendent.

In the event that BOCES receives from the Department of Social Services of any county which it serves, a request to interview a student, BOCES shall require the Department of Social Services to provide a statement in writing indicating the interview is necessary to carry out the purposes of the Child Protection Act.

School Resource Officers (SROs) and Other School Safety Officers (SSOs)

Broome-Tioga BOCES, or a host district where a BOCES program is located, may utilize School Resource Officers (SROs) or School Safety Officers (SSOs). In a building or instructional program operated by BOCES, any searches of students and/or their property that are initiated and conducted by BOCES staff shall meet the "reasonable suspicion" standard for searches as described above. In the event that a search of a student and/or their property is initiated or conducted by an SRO or SSO acting in their capacity as a law enforcement officer, such search must be justified by probable cause.

Visitors to BOCES

The Board encourages Parents and other members of the public to visit BOCES schools and classrooms to observe the work of students, teachers, and other staff. Since schools are places of work and learning, however, certain limits must be set for these visits. The principal or their designee is responsible for all persons on BOCES property. For these reasons, the following rules apply to visitors to BOCES:

- 1) Anyone who is not a regular staff member or BOCES student is a visitor.
- 2) All visitors must report to the Main Office or Principal's Office upon arrival. They will be required to sign the visitor's register and follow the prescribed building procedures.
- 3) Visitors attending BOCES functions that are open to the public, such as parent-teacher meetings or public gatherings, are not required to register.
- 4) Parents who wish to observe a classroom while school is in session must arrange these visits in advance, provide a rationale for the visit, and gain permission of the building administrator and the classroom teacher.
- 5) Teachers and student support service personnel will not take class time or related service sessions to discuss individual matters with visitors.
- 6) Any unauthorized person on BOCES property will be reported to the principal or their designee. Unauthorized persons will be asked to leave. The police may be called if the unauthorized person does not respond to requests or directions from BOCES personnel.
- 7) All visitors are expected to abide by the rules for public conduct on BOCES property contained in this Code of Conduct.

Public Conduct on BOCES Property

BOCES is committed to providing an orderly, respectful environment. To create and maintain this kind of an environment, it must regulate public conduct on its property and at its functions. For purposes of this section of the Code, "Public" means all persons, including our staff, when on BOCES property or attending a BOCES function including volunteers, vendors, visitors, contractors, staff of other BOCES, and component district personnel.

The restrictions on public conduct on BOCES property and at BOCES functions contained in this Code are not intended to limit freedom of speech or peaceful assembly. BOCES recognizes that free inquiry and free expression are indispensable to the objectives of BOCES. The purpose of this is to maintain public order and prevent abuse of the rights of others.

STUDENT ELOPEMENT PROCEDURE

The procedures used by Broome-Tioga BOCES in the event of a student elopement from one of its buildings are as follows. While each situation is unique and handled on an individual basis, the general guidelines should be followed:

Students below the age of 16, or a student who does not demonstrate the ability to safely exit the building independently, contact should be made first to the Police if the student is not able to be redirected and remain in the building.

The student's school district should also be contacted and said communication should be followed up in writing. The building supervisor and parent/guardian or person in parental relationship should also be notified immediately.

Students 16 and above that demonstrate the mental capacity to independently exit the building and do so, contact should be made to the student's school district and parent/guardian or person in parental relationship. The building supervisor should also receive notification.

In the event a student is severely developmentally disabled, and they are in harm's way should they leave the building unescorted; staff is to remain with the student until assistance arrives. Contact should be made immediately to law enforcement as well as the building supervisor requesting assistance. The student's school district and parent/guardian or person in parental relationship should also be notified as soon as practicable.

Should a student place themselves in immediate or imminent danger to themselves or others, then the staff will use its best efforts to prevent the student from such harm.

Law enforcement will be contacted immediately or as soon as the staff member is able to do so without jeopardizing the safety of the student or until another staff member/other is available to make this call. Staff will remain with the student until law enforcement arrives.

Students are subject to the appropriate disciplinary consequence in accordance with the Code of Conduct. If you have a question or concern, please contact Tom McNair, Assistant Superintendent for Instruction, at 607-763-3345.

POLICY 6120: STUDENT PLACEMENT

Initial class placement of students in all BOCES programs is the responsibility of appropriate BOCES personnel in cooperation with home school district personnel. Class placements take place only after all available information has been analyzed and the pupil has been recommended by appropriate local school district personnel for such placement.

All class placements are administered and conducted according to accepted practices and the education laws and regulations of the commissioner. Class placement within a program (section or classroom) is determined by the appropriate BOCES administrator.

POLICY 6211: CORPORAL PUNISHMENT

Corporal punishment as a means of discipline is not used against a student by any BOCES teacher, administrator, officer, employee, or agent.

The Board of Regents defines corporal punishment as "any act of physical force upon a pupil for the purpose of punishing that pupil". Specifically exempt is the use of reasonable physical force for the following purposes if alternative procedures have not been successful:

1. To protect oneself from physical injury
2. To protect another student or teacher or any other person from physical injury
3. To protect the property of the school or of others, or
4. To restrain or remove a student whose behavior is interfering with the orderly exercise and performance of school district functions, powers, or duties, if that student has refused to stop from further disruptive acts; provided that alternative procedures and methods not involving the use of physical force cannot reasonably be employed to achieve the purposes listed in 1-4 above.

However, if alternative procedures and methods eliminating the use of physical force and any of the above conditions occur, then the use of reasonable physical force is not prohibited.

Whenever a school employee uses physical force against a student, the school employee will, within the same school day, write a report to the employee's supervisor describing in detail the circumstances and the nature of the action taken.

The district superintendent submits a written semi-annual report to the commissioner of education, with copies to the board, by January 15 and July 15 of each year, stating the substance of each written complaint about the use of corporal punishment received by the school authorities during the reporting period, the results of each investigation, and the action, if any, taken by the school authorities in each case.

POLICY 6212: LOSS OR DESTRUCTION OF BOCES PROPERTY

Students and their parents or legal guardians are responsible to make restitution for BOCES- owned property damaged or destroyed by students. The compensation will not exceed \$2,500 per incident, except in instances where extreme financial hardship can be proven where the maximum will be \$1,500. The compensation will be pursued through civil action when necessary, and when the student is over the age of ten and under the age of eighteen. The BOCES superintendent is directed to take appropriate steps to recover damages in any situation caused to the buildings or grounds.

POLICY 6220: INTERVIEW OF STUDENTS BY POLICE AND DEPARTMENT OF SOCIAL SERVICES

When used in this policy, the word student means any individual who is on BOCES property for the purpose of receiving instruction.

Police authorities may not interview students in the school buildings or use BOCES facilities in connection with police department work. Students will not be made available for police interviews. Police authorities must take any matter up directly with the parents of minor students off BOCES premises. A warrant should be reviewed by the BOCES counsel before release of a student or interview of a student.

If a crime is committed on BOCES property, it is expected that school officials will notify the appropriate police authorities regarding the event and give full cooperation to an investigation. In such a case, interviews of students and school personnel may be conducted on BOCES property regarding the incident.

When a request is made by law enforcement agencies to detain someone who is on BOCES property, the request must be referred to the person in charge of the building or program. That person will handle the request in accordance with the administrative guidelines established by the BOCES superintendent.

In the event that BOCES receives from the Department of Social Services of any county which it serves, a request to interview a student, BOCES shall require the Department of Social Services a statement in writing indicating the interview is necessary to carry out the purposes of the Child Protection Act.

POLICY 6230: STUDENT TRANSPORTATION

Recognizing the integrated relationship of transportation and education, the Board directs the district superintendent to develop the procedures necessary to ensure safe and reasonable transportation of students.

Vehicle Safety/Driving/Parking

Students attending BOCES classes are expected to use the school buses provided by their home district to transport them. In instances where students need to provide their own transportation, driving permits may be issued through the respective BOCES school office with approval by your home school district and parent/guardian. Final approval will be determined by the BOCES Principal. Students using vehicles on BOCES property must obey all traffic regulations of the state and of BOCES. Reckless driving and speeding are not tolerated. Student parking is allowed only in authorized areas only.

POLICY 6241: DIGNITY FOR ALL STUDENTS ACT (DASA)

The Board is committed to providing a school environment that is free from harassment, bullying and discrimination. Harassment, discrimination, intimidation or bullying and acts of cyber-bullying, as defined by New York Education Law Article Two and the Regulations of the Commissioner § 100.2 by students, staff or visitors toward students are strictly prohibited. Therefore, in accordance with such laws and regulations, conduct of this nature is subject to discipline in accordance with the BOCES Code of Conduct and the Internet Safety and Acceptable Use Policies.

Reports of harassment, bullying and discrimination shall be made to the Building Administrator or Superintendent's designee. Students and parents/ guardians may make an oral or written report of harassment, bullying or discrimination to BOCES teachers or administrators.

BOCES employees who witness harassment, bullying or discrimination, or who receive an oral or written report of harassment, bullying or discrimination, shall promptly orally notify the Building Administrator or Superintendent's designee not later than one school day after such employee witnesses or receives a report of harassment, bullying or discrimination. After oral notification, the BOCES employee shall file a written report with the Building Administrator or Superintendent's designee not later than two school days after making the oral report.

The Building Administrator or Superintendent's designee shall lead or supervise a thorough investigation of all reports of harassment, bullying or discrimination, and ensure that said investigation is completed promptly after receipt of any written reports made.

BOCES, in its commitment to prevent harassment, bullying and discrimination may conduct searches of students and their belongings if the authorized school official has a reasonable suspicion to believe that the search will result in evidence that the student violated this, or any other BOCES policy, or the law. Reasonable suspicion may be based upon employee observations or information received from a reliable informant. An individual will be considered a reliable informant if they (1) have previously supplied accurate, verified information, (2) make an admission against their own interest, (3) provide information received independently from other sources or (4) appear to be credible and the information they are communicating relates to an immediate safety threat or potential harm to anyone at school.

BOCES officials with a reasonable suspicion a student has violated BOCES policy or the law may search a student's personal belongings after questioning the student as to whether they possess evidence of a violation, and first requesting the student's consent to the search. Regardless of whether the student consents to the search, searches will be limited to the extent necessary to locate the evidence sought, and whenever practicable, will be conducted in the privacy of administrative offices in the student's presence. Items that may be searched upon a reasonable suspicion of wrongdoing include but are not limited to backpacks, handbags, pockets and cellular phones. All searches will be reasonably related to the alleged violation and will be reasonable in scope.

Student Lockers, desks and other school storage places are the property of BOCES and students have no reasonable expectation of privacy with respect to these places. Therefore, BOCES officials, having complete control over these areas, may search them at any time without prior notice to students, and without their consent. t

In the event an investigation verifies harassment, bullying or discrimination, the BOCES shall take prompt actions reasonably calculated to end the harassment, bullying or discrimination, eliminate any hostile environment, create a more positive school culture and climate, prevent recurrence of the behavior, and ensure the safety of the student or students against whom. Such harassment, bullying or discrimination was directed. Retaliation against any individual who, in good faith, reports or assists in the investigation of harassment, bullying or discrimination, is strictly prohibited.

Individuals whose behavior is found to be in violation of this POLICY will be subject to discipline or removal from the premises in accordance with school POLICY, including the Code of Conduct. If appropriate, individuals may also be referred to law enforcement officials.

The Building Administrator shall make a regular report on data and trends related to harassment, bullying and discrimination to the Superintendent. The Superintendent shall establish procedures and guidelines that will include, but not be limited to, staff training and professional development, the method of reporting an incident believed to be in violation of this POLICY, the procedure for investigation and the prohibition of retaliation for reporting an incident. The BOCES shall also provide required instruction supporting development of a school environment free of harassment, bullying and discrimination having an emphasis on discouraging acts of harassment, bullying (including cyber-bullying) and discrimination and including instruction in the safe, responsible use of the Internet and electronic communications.

The Board will review this POLICY from time to time, but no less than annually, and will make any necessary modifications as required by the applicable laws and regulations. This POLICY and any amendments or addendums shall be published in the student handbook and on the BOCES website.

At least once each school year, the BOCES shall provide all school employees, students and parents/ guardians with a written or electronic copy of this POLICY and any other POLICY created by the C in compliance with the Dignity for All Student's Act.

POLICY 6310: STUDENT FUNDS

Broome-Tioga BOCES recognizes the value of student activity programs and is aware of the experience to be gained by student participants in the management of activity funds. The Board therefore annually authorizes the use of student activities (w/prior review by Assistant Superintendent) which are funded from the student fund accounts.

Student funds include but are not limited to money collected from students for the purchase of supplies and materials and fees for organizations and social events. Such funds are handled according to procedures set by the state department of audit and control and BOCES regulations.

In all cases involving student funds, the BOCES treasurer has the ultimate responsibility for control of the funds and must use appropriate accounting procedures to safeguard the funds against loss, misuse, or misapplication.

Extra classroom activities funds are those funds raised by means other than taxation or charges by the Board for, by, or in the name of the school, student body, or any subdivision of it.

All extra classroom activity funds are handled according to the financial procedures illustrated in the safeguarding, the Accounting, and Auditing of Extra classroom Activity Funds, published by the New York State Education Department. In all cases involving student funds, the BOCES superintendent assigns the BOCES treasurer the ultimate responsibility for control of the funds.

POLICY 6420: FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT/NOTICE FOR DIRECTORY INFORMATION (FERPA)

BYLAW PERTAINING TO STUDENT RECORDS: POLICIES AND PROCEDURES

Definitions

For the purpose of this POLICY, BOCES has used the following definitions of terms:

Student - Any person who attends or has attended a program of instruction sponsored by BOCES.

Eligible Student - A student or former student who has reached age 18 or is attending a post-secondary school.

Parent - Either natural parent of a student unless their rights under the FERPA (Family Educational Rights and Privacy Act) has been removed by a court order, state statute or legally binding document relating to such matters as divorce, separation or custody that specifically revokes these rights, a guardian, or an individual acting as a parent or guardian in the absence of the student's parent or guardian.

Education Records - Any records (in handwriting, print, tape, film, microfilm, microfiche or other medium) maintained by BOCES, an employee of the district or an agent of the district which is related to a student except:

- Any personal records kept by a school staff member which meet the following tests:
 - a. It was made as a personal memory aid.
 - b. It is in the personal possession of the individual who made it.
 - c. Information contained in it has never been revealed or made available to any other person except the maker's temporary substitute.
- Employment records which are used only in relation to a student's employment by BOCES. (Employment for this purpose does not include activities for which a student receives a grade or credit in a course).
- Alumni records which relate to the student after they no longer attends classes provided by BOCES and the records do not relate to the person as a student.

Personal Identifiable Information - Any data or information that makes the subject of the records known. This includes the student's name, the student's parents' or other family member's name, the student's address, the student's social security number, a student number, a list of personal characteristics or any other information which would make the student's identity known.

Annual Notification

Within the first three weeks of each school year, BOCES will publish in the legal section of a newspaper having general circulation in the district, a notice to parents and eligible students of their rights under the FERPA and this POLICY. The district also will send home with each student a bulletin listing these rights. The bulletin will be included with a packet of material provided parents or an eligible student when the student enrolls during the school year.

The notice will include the following:

1. The right of a student's parents and an eligible student to inspect and review the student's education records.
2. The intent of BOCES to limit the disclosure of information contained in a student's education records except: (a) by the prior written consent of the student's parent or an eligible student, (b) as directory information, or (c) under certain limited circumstances, as permitted by the FERPA.
3. The right of a student's parents or an eligible student to seek to correct parts of the student's education records which they believe to be inaccurate, misleading or in violation of the student's rights. These rights include the right to a hearing to present evidence that the records should be changed if the district decides not to alter such records according to the parent or an eligible student's request.
4. The right of any person to file a complaint with the Department of Education if BOCES violates the FERPA.
5. The procedure that a student's parents or an eligible student should follow to obtain copies of this POLICY and the locations where copies may be obtained.

Statement of Rights

Parents and eligible students have the following rights under the Family Educational Rights and Privacy Act and this POLICY:

1. The right to inspect and review the student's education records.
2. The right to exercise a limited control over other people's access to the student's education records.
3. The right to seek to correct the student's education records in a hearing if necessary.
4. The right to report violations of the FERPA to the Department of Education; and
5. The right to be informed about FERPA rights.

All rights and protections given parents under the FERPA and this POLICY transfer to the student when the student reaches age 18 or enrolls in a post-secondary school. The student then becomes an eligible student.

Under the No Child Left Behind Act of 2001, schools receiving Title I money must release names, addresses and telephone listings to military recruiters upon request. Parents have the right to request that information not be released to military recruiters without prior written consent.

Procedure to Inspect Educational Records

Parents of students and eligible students may inspect and review the student's education records upon request. In some circumstances, it may be mutually more convenient for the record custodian to provide copies of records. See the schedule of fees for copies.

Since a student's records may be maintained in several locations, the school Supervisors will offer to collect copies of records or the records themselves from locations other than a student's school, so that these records may be inspected at one site. However, if parents and eligible students wish to inspect records where they are maintained, school Supervisors will accommodate their wishes. Parents or eligible students should submit to the student's school Supervisor a written request which identifies as precisely as possible the record or records they wish to inspect.

The Supervisor (or other custodian) will contact the parent of the student or the eligible student to discuss how access will be best arranged (copies, at the exact location, or records brought to a single site).

The Supervisor (or other custodian) will make the needed arrangements as promptly as possible and notify a parent or an eligible student of the time and place where the records may be inspected. This procedure must be completed in 45 days or less from the receipt of the request for access.

If, for any valid reason such as working hours, distance between records location sites or health, a parent or an eligible student cannot personally inspect and review a student's education records, BOCES will arrange for a parent or an eligible student to obtain copies of the records.

When the records contain information about students other than the child or the eligible student involved, a parent or an eligible student may not inspect and review the records of other students.

Notice for Directory Information

BOCES proposes to designate the following personally identifiable information contained in a student's education records as directory information, and it will disclose that information without prior written consent:

1. The student's name.
2. The student's address.
3. The student's telephone listing.
4. The student's date and place of birth.
5. The student's class designation and major field of study (e.g., first grade, tenth grade, and the like).
6. The student's participation in officially recognized activities and sports.
7. The student's degrees, achievement awards or honors.
8. The student's weight and height if a member of an athletic team.
9. Dates of attendance.
10. The student's photograph, including video recordings.
11. The most recent educational institution attended before the student enrolled in BOCES; and
12. Electronic mail address.

Within the first three weeks of each school year, BOCES will publish in the legal section of a newspaper having general circulation in the district the above list, or a revised list, of the items of directory information it proposes to designate as directory information. For students enrolling after the notice is published, the list will be given to the student's parent or the eligible student at the time and place of enrollment.

After the parents or the eligible students have been notified, they will have two weeks to advise BOCES in writing (a letter to the school superintendent's office) of any or all of the items they refuse to permit the district to designate as directory information about that student.

At the end of the two-week period, each student's records will be appropriately marked by the records custodians to indicate the items the district will designate as directory information about that student. This designation will remain in effect until it is modified by written direction of a student's parents or an eligible student.

The district may disclose directory information about former students without following the procedures specified in this paragraph.

Use of Student Education Records

To carry out their responsibilities, school officials will have access to student education records for legitimate educational purposes.

BOCES will use the following criteria to determine school officials. An official is:

1. A person duly elected to the school Board.
2. A person certified by the State and appointed by the school Board to an administrative or supervisory position.
3. A person certified by the State and under appointment to the school Board as an instructor.
4. A person employed by the school Board as a temporary substitute for administrative, supervisory or instructional personnel for the period of their performance as a substitute; or
5. A person employed by or under appointment to the school Board to perform a special task such as a secretary, a clerk, the school Board attorney or auditor for the period of that person's performance as an employee or contractor.

School officials who meet the criteria listed above will have access to student's records if they have a legitimate educational interest in doing so. A legitimate educational interest is the person's need to know in order to:

1. Perform an administrative task required in the school official's position description approved by the school Board.
2. Perform a supervisory or instructional task directly related to the student's education; or
3. Perform a service or benefit for the student or the student's family such as health care, counseling, student job placement or student financial aid.

BOCES only will release information from or permit access to student's education records with a parent or an eligible student's prior written consent except that the school superintendent or a person designated in writing by the superintendent may permit disclosure:

1. When a student seeks or intends to enroll in another school district or in a post-secondary school. The district will not further notify parents or eligible students prior to such a transfer of records. Parents and students have a right to obtain copies of records transferred under this provision.
2. When certain Federal and State officials need information in order to audit or enforce legal conditions related to federally supported education programs in the district.
3. To parties who provide or may provide financial aid to a student to:
 - a. Establish the student's eligibility for the aid.
 - b. Determine the amount of financial aid.
 - c. Establish the conditions for the receipt of the financial aid.
 - d. Enforce the agreement between the provider and the receiver of financial aid.
4. If a state law adopted before November 19, 1974, required certain specific items of information to be disclosed in personally identifiable form from student records to State or local officials.
5. When BOCES has entered into a written agreement or contract for an organization to conduct studies on BOCES behalf to develop tests, administer student aid or improve instruction. Such study may not permit personal identifiable information of parents or students by individuals other than representatives of the organization. Such information must be destroyed when no longer needed.
6. To accrediting organizations to carry out their accrediting functions.
7. To parents of eligible students if the parents claim the student as a dependent as defined by the Internal Revenue Code.
8. To comply with a judicial order or lawfully issued subpoena. The district will make a reasonable effort to notify the student's parents or the eligible student before making a disclosure under this provision.
9. In connection with a health or safety emergency under conditions described below.
10. If the disclosure is an item of directory information and the student's parents or an eligible student has not refused to allow the district to designate that item as directory information for that student.
11. Disclosure to a parent of a student who is not an eligible student or the student.

BOCES will permit any of its officials to make the needed disclosure from student education records in a health or safety emergency if:

1. The official deems it is warranted by the seriousness of the threat to the health or safety of the student or other persons.
2. The information is necessary and needed to protect the health and safety of the student or other individuals.
3. The persons to whom the information is to be disclosed are qualified and, in a position, to deal with the emergency; and
4. Time is an important and limiting factor in dealing with the emergency. (The health or safety exception shall be strictly construed)

School district officials may release information from student's education records if the student's parents or the eligible student gives his prior written consent for the disclosure. The written consent must include at least:

1. A specification of the records to be released.
2. The reasons for the disclosure.
3. The person or the organization or the class of persons or organizations to whom the disclosure is to be made.
4. A parent or an eligible student's signature; and
5. The date of the consent and, if appropriate, a date when the consent is to be terminated.

The student's parents or the eligible student may obtain a copy of any records disclosed under this provision.

BOCES will not release information contained in student's education records, except directory information, to any third parties except its own officials, unless those parties agree that the information will not be redisclosed without the parents or eligible student's prior written consent.

Records of Requests for Access and Disclosure Made from Education Records

BOCES will maintain an accurate record of all requests for it to disclose information from or to permit access to a student's education records and of information it discloses and access it permits with some exceptions listed below. These records will be kept with, but will not be a part of, each student's Cumulative School Records. It will be available only to the record custodian, the eligible student, and the parents of the student or to Federal, State or local officials for the purpose of auditing or enforcing federally supported educational programs. The records will include at least:

1. The name of the person or agency that made the request.
2. The interest the person or agency had in the information.
3. The date the person or agency made the request; and
4. Whether the request was granted and, if it was, the date access was permitted, or the disclosure was made.

The district will maintain these records as long as it maintains the student's education records. Such records may be inspected by the parent or eligible student or the school official or that person's assistant responsible for the custody of the records.

These records will not include requests for access or access granted to parents of the student or to an eligible student, requests for access or access granted to officials of BOCES who have a legitimate educational interest in the student, requests for, or disclosure of, information contained in the student's education records if the request is accompanied by the prior written consent of a parent of the student or an eligible student or the disclosure is authorized by such prior consent, or for requests for, or disclosures of, directory information designated for that student.

Procedures to Seek to Correct Education Records

Parents of students and eligible students have a right to seek to change any part of the student's records they believe is inaccurate, misleading or in violation of the student's rights. (NOTE: Under the FERPA, the district may decline to consider a request to change the grade a teacher assigns for a course).

For the purpose of outlining the procedures to seek to correct education records, the term incorrect will be used to describe records that are inaccurate, misleading or in violation of the student's rights. The term correct will be used to describe records that are accurate, not misleading and not in violation of the student's rights. Also, in this section, the term requester will be used to describe a parent of a student or an eligible student who is asking BOCES to correct the records.

To establish an orderly process to review and correct education records for a requester, the district may make a decision to comply with the request for change at several levels in the procedure.

First Level Decision - When a parent of a student or an eligible student finds an item in the student's education records which they believe is inaccurate, misleading or in violation of student rights, the parent immediately should ask the record custodian to correct it. If the records are incorrect because of an obvious error and it is a simple matter to make the record change at this level, the record custodian will make the correction. However, if the records are changed at this level, the method and result must satisfy the requester. If the custodian cannot change the records to the requester's satisfaction or the records do not appear to be obviously incorrect, the custodian will:

1. Provide the requester a copy of the questioned records at no cost.
2. Ask the requester to initiate a written request for the change; and
3. Follow the procedure for a second level decision.

Second Level Decision - The written request to correct a student's education records through the procedure at this level should specify the correction the requester wishes the district to make. It should at least identify the item the requester believes is incorrect and state whether the requestor believes the item:

1. Is inaccurate and why.
2. Is misleading and why; or
3. Violates the student's rights and why.

The request will be dated and signed by the requester. Within two weeks after the record custodian receives a written request, the custodian will:

1. Study the request.
2. Discuss it with other school officials (the person who made the records or those who may have a professional concern about the district's response to the request).
3. Make a decision to comply or decline to comply with the request; and
4. Complete the appropriate steps to notify the requester or move the request to the next level for a decision.

If, as a result of this review and discussion, the record custodian decides the records should be corrected, the custodian will effect the change and notify the requester in writing that the change has been made. Each such notice will include an invitation for the requester to inspect and review the student's education records to make certain the records are in order and the correction is satisfactory. If the custodian decides the records are correct, the custodian will make a written summary of any discussions with other officials and of the custodian's findings in the matter. The custodian will transmit this summary and a copy of the written request to the school superintendent.

Third Level Decision - The school superintendent will review the material provided by the record custodian and, if necessary, discuss the matter with other officials such as the school attorney or the school Board (in executive session). The superintendent will then make a decision concerning the request and complete the steps at this decision level. Ordinarily, this level of the procedure should be completed within two weeks. If it will take longer, the superintendent will notify the requester in writing of the reasons for the delay and a date when the decision will be made.

If the superintendent decides the records are incorrect and should be changed, the superintendent will advise the record custodian to make the change. The record custodian will advise the requester of the change as the custodian would if the change had been made at the second level.

If the superintendent decides the records are correct, the superintendent will prepare a letter to the requester which will include:

1. The school district decision that the records are correct and the basis for the decision.
2. A notice to the requester that the requestor has a right to ask for a hearing to present evidence that the records are incorrect and that the district will grant such a hearing.
3. Instructions for the requester to contact the superintendent, or an official designated by the superintendent, to discuss acceptable hearing officers, convenient times and a satisfactory site for the hearing. (The district will not be bound by the requester's positions on these items but will, so far as possible, arrange the hearing as the requester wishes).
4. That the requester may be represented or assisted in the hearing by other parties, including an attorney at the requester's expense.

Fourth Level Decision - After the requester has submitted (orally or in writing) that person's wishes concerning the hearing officer and the time and place for the hearing, the superintendent will, within a week, notify the requester when and where the district will hold the hearing and whom the superintendent has designated as the hearing officer.

At the hearing, the hearing officer will provide the requester a full and reasonable opportunity to present material evidence and testimony to demonstrate that the questioned part of the student's education records are incorrect as shown in the requester's written request for a change in the records (second level).

Within two weeks after the close of the hearing, the hearing officer will submit to the school superintendent a written summary of the evidence submitted at the hearing. Along with the summary, the hearing officer will submit recommendations, based solely on the evidence presented at the hearing, that the records should be changed or remain unchanged.

The school superintendent will prepare the district's decision within three weeks of the hearing. That decision will be based on the summary of the evidence presented at the hearing and the hearing officer's recommendation. The district's decision will be based solely on the evidence presented at the hearing.

The superintendent may overrule the hearing officer if the superintendent believes the hearing officer's recommendation is not consistent with the evidence presented.

As a result of the district's decision, the superintendent will take one of the following actions:

1. If the decision is that the district will change the records, the superintendent will instruct the record custodian to correct the records. The record custodian will correct the records and notify the requester as at the second level decision.
2. If the decision is that the district will not change the records, the superintendent will prepare a written notice to the requester which will include:
 - a. BOCES decision that the records are correct and will not be changed.
 - b. A copy of the summary of the evidence presented at the hearing and a written statement of the reasons for the district's decision.
 - c. A statement advising the requester that the requestor may place an explanatory statement which states the reasons the requestor disagrees with BOCES decision or the reasons the requestor believes the records are incorrect in the student's education records.

Final Administrative Step in the Procedure - When BOCES receives an explanatory statement from a requester after a hearing; it will maintain that statement as part of the student's education records as long as it maintains the questioned part of the records. The statement will be attached to the questioned part of the records and, whenever the questioned part of the records is disclosed, the explanatory statement also will be disclosed.

Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal Law, requires that BOCES, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, BOCES may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the BOCES to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production.
- The annual yearbook.
- Honor roll or other recognition lists.
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class ring or publish yearbooks.

In addition, the New York State Education Law '2-1 and two federal laws require school districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with student names, addresses and telephone listings – unless parents have advised BOCES that they do not want their student's information disclosed without their prior written consent.

If you do not want BOCES to disclose some or all directory information from your child's education records without your prior written consent, you must notify the District in writing by September 30th. BOCES has designated the following information as directory information: [Note: a BOCES may, but does not have to, include all the information listed below.]

POLICY 7111: FIRE DRILLS AND BOMB THREATS

The administration of each school building will post, and notify occupants of, evacuation signals. The administration will also instruct students and employees in procedures for leaving the building by the shortest route in the shortest time and without confusion or panic.

Regular fire drills are an excellent tool for evacuation training during regular classroom activity. Special procedures and instructions are to be provided for emergencies or drills during scheduled lunch hours.

Fire drills will be held:

1. Twelve times each regular school year.
 - a. Eight of the twelve will be held between September 1 and December 1.
 - b. One of the twelve drills is recommended to be held during a scheduled lunch period.
2. Two times during summer school in buildings where summer school is conducted. One of these drills will be held during the first week of summer school.

After-School Programs

The program supervisor or designee must require those in charge of after-school programs attended by individuals unfamiliar with the school building to announce at the beginning of the program the procedures to be followed in an emergency.

Bomb Threats and Declared Emergencies

Program supervisors will be familiar with the Emergency Management Plan ("Red Book") and will follow established procedures.

POLICY 7220: TEACHING ABOUT CONTROVERSIAL ISSUES

As a natural part of preparing to assume an adult role in society, matters of a controversial nature will arise and may be dealt with as part of the student's learning experience.

The Board recognizes that controversial issues deal with matters about which there are varied levels of opposing views, biases, emotions, and conflict. Therefore, it is essential that the classroom teacher have guidelines in order to prepare and execute lessons that will be as objective as possible while considering the subject matter. It is important that students and staff recognize the following responsibilities:

1. In the classroom, matters of a controversial nature should be handled as they arise in the normal course of instruction and not introduced for their own sake. Such issues should be neither sought nor avoided.
2. When presenting positions on a controversial issue, the teacher should balance major views and ensure that as many sides of the issues as possible are presented fairly, with no position being advocated by the teacher as the only one acceptable.
3. When materials dealing with controversial topics are to be used, assigned, or recommended, the materials must:
 - a. Balance major views and provide as many sides of the issue as possible in a fair manner, with no position presented as the only one acceptable
 - b. Be appropriate to the maturity level of the students, and
 - c. Not adversely affect the attainment of the district's instructional goals or result in substantial disruption of the normal operation of the classroom.

Before presenting materials on such an issue, the classroom teacher must present the materials to the immediate supervisor for prior approval. The chairperson will review the materials according to the guidelines above.

Before a guest speaker is permitted to address the students, approval must be granted by the building administrator who must be informed of the scheduling of all guest speakers at least three days before their presentation.

Pursuant to such agreements, third-party contractors may have access to “student data” and or “teacher or principal data” as those terms are defined by law.

Each contract BOCES enters into with third-party contractor, where the third-party contractor receives student data or teacher or principal data, will include the following information:

- The exclusive purposes for which the student data or teacher or principal data will be used.
- How the third-party contractor will ensure that the subcontractors, person or entities that the third-party contractor will share the student data or teacher or principal data with, if any, will abide by data protection and security requirements.
- When the agreement expires and what happens to the student data or teacher or principal data upon expiration of the agreement.

PARENT REQUEST OF TEACHER’S CREDENTIALS

Requests for information about qualifications of your child’s teacher(s) should be directed to Broome-Tioga BOCES Human Resources Department, 435 Glenwood Road, Binghamton NY, 13905. All requests will be honored in a timely manner.

CLOSED CIRCUIT TV MONITORING

To enhance student safety, as well as reduce property loss, BOCES has installed Closed Circuit TV on many of their campuses.

STUDENT ID BADGES

Some BOCES Programs issue student identification badges. At sites where they are issued, they are to be worn as expected.

STUDENT EVALUATION/GRADING

A unique feature of Instructional Programs is the ability of diverse student programming to provide instruction to students with many needs. When student needs are met, students are able to grow as learners. A student, who engages in learning and participates wholeheartedly in daily instructional activities, can be assured of success. Information concerning curriculum can be obtained from the specific program supervisor/Supervisor.

Instruction is based on the New York State Learning Standards. Students will complete coursework that leads to NYS high school diploma or the equivalent. Credit and diploma recommendations are sent to your child’s home school district for final approval. Teachers maintain daily records of student progress, which affect a student’s overall grade. A student report card indicating marking period averages are sent home with a copy to the home school district at ten week increments and on the following schedule: 10, 20, 30 & 40 weeks.

Additionally, parents will receive an Interim Progress Report on the following schedule: at 5, 15, 25, and 35 weeks. This Interim Progress Report is designed to provide parents and students with important information about school performance. The Interim Progress Report will reflect the student’s current class average. Every student will receive a numerical grade for every course.

Any questions or concerns regarding Interim Progress Reports or Report Cards should be directed to the program supervisor of your child’s site (contact information can be found on the “Access to Programs” page in front of this handbook).

Marking Periods 1 and 2 will show a grade reflecting a minimum possible 50%.

Marking periods 3, 4, & 5 will reflect the grade the student actually earned (between 0 -100%).

The final average for the student’s year is determined by averaging the four marking period grades and the fifth-grade product. Regents Exam scores are not averaged in the final grade; they are reported separately on the report card.

Each teacher will explain their grading procedure during the first week of school based on the following chart:

Independent Practice	1-10%	*Bell ringer, assignments completed outside of class time, ticket out the door
Active Engagement in Class	9-30%	*Effort, in-class participation, and preparation (present, prepared & participating)
Composite of Assessments	70-90%	*Quizzes, tests, labs, exhibits, projects, essays

**or the equivalent for special education programming*

Opportunities for makeup given within 5 days of returning to school. Each teacher's course outline will further explain missed assignment guidelines.

Specific special education programming will provide scaled scores for the student based on individual progress. Performance scale: 4 – Exceeds Skills; 3 – Meets Skills; 2 – Progressing toward Skills; 1 – Beginning to Develop the Skills; 0 – Not Applicable. Additionally, students in special education programming will receive progress notes every marking period.

Progress Note Reporting

Students with disabilities will receive a report card and a progress note every 10 weeks. The service provider/special education teacher will provide a narrative report that indicates progress towards achieving IEP goals.

Fifth Grade Product

It is the philosophy of Broome-Tioga BOCES, that all students have the opportunity to maximize their potential through academic rigor, career opportunities, and transition planning. The fifth grade is a proactive approach to learning, designed to help students achieve greater success in classes by allowing them to interact with the material using their personal learning styles.

It will be attached to a tangible product that is a culmination of the learning in one, or more than one class working collaboratively. If an interdisciplinary approach is used, the grade will apply to all classes involved.

A fifth-grade product is expected from all classes Kindergarten through 12th grade (special education ages 5-21) in all BOCES sites and programs, including district-based classes. A description of this product and its process for implementation will be submitted in the fall along with course outlines to the program supervisor. The MP5 project is designed to culminate the course and help students succeed.

The fifth grade should include a variety of learning styles with the expectation that students will interact with course content and college and career readiness skills. There are several ways teachers may approach this assessment. Products should reflect a cumulative level of learning and should be comprised of multiple assessments. They may be group or individual projects. These products may also include such topics as career development, citizenship, life skills, or community service.

Examples of this may include, but are not limited to:

- A cumulative, year-long project
- Portfolio
- Review activity in which students specialize in a topic and present to class (regents' prep)
- Timelines or PowerPoint presentations on given topics (cumulative knowledge necessary for completion)
- Interdisciplinary project linking two or more subjects together
- Career exploration in a specific subject
- Life application of subject in project or cumulative portfolio form
- Community service activity that applies knowledge and skills from class
- Scrapbook/posters that summarize different units
- Portfolio of level 1 transition assessments, literacy work, or NYS alternate assessment tasks
- The fifth grade will comprise 20% of the final class average.

Fire safety inspection reports and Certificates of Occupancy may be reviewed by contacting the Director of School Facilities.

STRUCTURAL INSPECTIONS

An annual visual structural inspection of all student occupied public school buildings owned or leased by the Broome-Tioga BOCES is conducted to identify conditions which may be indicative of structural deficiencies before such deficiencies pose a safety threat.

INTEGRATED PEST MANAGEMENT PROGRAM

The Broome-Tioga BOCES Integrated Pest Management Program strives to use all options available before using chemical pesticides. When and if chemicals are used, we will use the least hazardous material.

New York State Education Law Section 409-H, effective July 1, 2001, requires all public and nonpublic elementary and secondary schools to provide written notification to all persons in parental relation, faculty, and staff regarding the potential use of pesticides periodically throughout the school year.

The Broome-Tioga BOCES School District is required to maintain a list of persons in parental relation, faculty, and staff who wish to receive 48-hour prior written notification of certain pesticide applications.

The following pesticide applications are not subject to prior notification requirements:

- a school remains unoccupied for a continuous 72 hours following an application.
- anti-microbial products.
- nonvolatile rodenticides in tamper resistant bait stations in areas inaccessible to children.
- nonvolatile insecticidal baits in tamper resistant bait stations in areas inaccessible to children.
- silica gels and other nonvolatile ready-to-use pastes, foams, or gels in areas inaccessible to children.

- the use of aerosol products with a directed spray in containers of 18 fluid ounces or less when used to protect individuals from an imminent threat from stinging and biting insects including venomous spiders, bees, wasps, and hornets.

In the event of an emergency application necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the 48-hour prior notification list.

If you would like to receive 48-hour prior notification of pesticide applications that are scheduled to occur in your school, please complete the attached form and return it to John Garcia, Broome-Tioga BOCES School District pesticide representative, at: 435 Glenwood Road, Binghamton, New York 13905-1699; telephone 607-763-3375; e-mail address jgarcia@btboces.org; FAX 607-763-3499.
