

HERO

HEAVY EQUIPMENT REPAIR & OPERATION

Step ahead!

Get the skills and experience that will put you a step ahead, be it in college or a rewarding career.

Operate heavy construction equipment

Earn OSHA10, forklift certification and CDL Class B license

Repair diesel-powered equipment

"This program was an amazing experience. I learned so much, not only in the operations side, but also the mechanics side. My relationship with the teachers was by far the most amazing experience."

- Patrick Dailey, 2018 graduate

Heavy Equipment Repair & Operation (HERO)

Program highlights

- Learn safe operating and shop principles
- Study basic surveying and estimation
- Develop operating and repair skills on construction equipment
- Practice daily machine maintenance skills

Step ahead to college

All career and technical courses have articulation agreements or opportunities for concurrent credits with post-secondary institutions and/or unions.

College choices

These schools, along with many others across the country, offer programs in the heavy equipment repair field:

- SUNY Alfred State
- SUNY Cobleskill
- SUNY Morrisville
- Pennsylvania College of Technology
- Environmental School of Forestry

High school academic credit

This course has received program approval through the New York State Education Department, enabling students to earn one unit of integrated English language arts, math and/or science credit.

Step ahead to a promising career

Students who successfully complete this program are prepared for the workforce. Here are a few examples of jobs awaiting successful students:

- Construction laborer
- Farm worker
- Machine operator
- Truck and equipment mechanic
