

# MASONRY

## Step ahead!

**Get the skills and experience that will put you a step ahead, be it in college or a rewarding career.**

**Learn professional techniques in laying blocks, bricks and tile.**

**Build custom structures**

**Work on community project teams**

**"At BOCES, I learned the hands-on basics for brick, block and concrete work. My plans are to explore design and structure and complete a degree in civil engineering."**

- Joshua Stewart, 2007 graduate

# Masonry

## Program highlights

- Work with your hands creating various masonry structures.
- Learn the relationship between masonry and the world of construction.
- Participate in real construction projects within the community.

## Step ahead to college

### Earn credit at SUNY Alfred.

By successfully completing this course and maintaining a high average, you can earn credit from SUNY Alfred, placing you a step ahead of your peers.

### Other college choices

These schools, along with many others across the country, offer programs in the masonry field:
