

# WELDING

**Step ahead!**

**Get the skills and experience that will put you a step ahead, be it in college or a rewarding career.**

**Gain hands-on experience**

**Learn welding processes**

**Enjoy creative metalworking**

**Develop career-based skills**

**"Welding involves hands-on experiences, which is one of the many positive things about the class at BOCES."**

**- Aaron Davis, 2019 graduate**

# Welding

## Program highlights

- Auto repair
- Students learn by doing
- Project assignments provide hands-on training
- Learn proper use of tools and equipment
- Unique metal projects encourage creativity

## High school academic credit

This course has received program approval through the New York State Education Department, enabling students to earn one unit of integrated English language arts, math and/or science credit.

## Step ahead to a promising career

Students who successfully complete this program are prepared for the workforce. Here are a few examples of jobs awaiting successful students:

- Combination welder
- Ironworker
- Boilermaker
- Millwright
- Manufacturing
- Construction

## Step ahead to college

All career and technical courses have articulation agreements or opportunities for concurrent credits with post-secondary institutions and/or unions.

## College choices

These schools, along with many others across the country, offer programs in the welding field:

- Modern Welding School
- Hobart Institute of Welding
- Lincoln Electric Welding School
- Tulsa Welding School
- Ohio Technical College
